PETITION TO CORRECT PUBLICATION OF PATENT
APPLICATION PUBLICATION UNDER 37 C.F.R. §1.221(b)

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants hereby petition to correct the “Corrected Publication” of U.S. 2009/0227107 A9, published on September 10, 2009. The text and the figures of the published application do not match the text and figures as originally filed, and in fact appear to have been taken from a different application that is not the Applicants’. Accordingly, Applicants respectfully request correction of the published application.

Applicants believe this mistake to be a “material mistake which is apparent from Office records,” as required by 37 C.F.R. §1.221(b) and M.P.E.P. §1130(A) as, at least, “The publication did not include a part of the specification that provides support for the published claim” (reason B of M.P.E.P. §1130(A)), and “The publication did not include any of the drawings originally filed” (reason C of M.P.E.P. §1130(A)). In addition, as requested by M.P.E.P. §1130, Applicants have

confirmed that the application as filed in PAIR under Ser. No. 10/588,833 does not contain the material error made by the Patent Office (i.e., the text and the figures of the filed application do not match the text and figures of U.S. 2009/0227107 A9).

This request for a corrected or revised patent application publication is being filed within two months from the date of the patent application publication of U.S. 2009/0227107 A9, which is September 10, 2009.

No fee is believed due with this petition. If a fee is required, please charge our Deposit Account No. 23/2825, under Docket No. H0498.70217US02.
